

FAMILIES BUILDING BETTER READERS

ELEMENTARY READING WORKSHOP

Jointly sponsored by Just Read, Florida! and the Panhandle Area Educational Consortium, this workshop for parents of elementary students is offered **FREE** to schools and families. This dynamic reading workshop brings schools and families together for a meaningful learning experience.

The workshop has a construction theme, which adds an element of fun to the event. Every parent receives a “tool kit” that includes a story book and supplies for reading activities to do with their children at home. Each activity is demonstrated by effective trainers and practiced by the parents.

While the parents are in their workshop, a parallel children’s workshop involves the children in rich reading experiences. At the end of the workshop, families are reunited, and parents enjoy a play performed by the children that reviews the workshop content. The workshop ends with a read-aloud demonstration.

For more information and/or to arrange for a workshop at your school contact:
