

UKanDu® Little Books

Create-a-story programs teach students to read

- Finished story can be printed into a book
- No wrong answers-everyone is successful
- Three different stories in each program- 48 different stories in all

UKanDu Little Books are collections of simple and short animated stories that students can write themselves. Each story has four pages. Students "fill in the blanks" to complete a sentence on each page. Each title includes three stories with 16 possible variations for each story. Your students will enjoy hours of reading success.

On a Green Bus® This UKanDu Little Books CD-ROM features a second-grade readability level and a 63-word vocabulary-perfect for early and pre-readers. On a Green Bus features three animated stories that offer children the opportunity to listen to the story with or without music, sing along and print the story to help build the language experience.
