Simple, Reliable Classroom Management Software

LanSchool is the one essential tool teachers need to be successful in a computer-based classroom.

— TOM LOCKWOOD
HEMLOCK PUBLIC SCHOOLS

Teachers today are faced with the challenge and opportunity of using technology to teach. Computers are amazing educational tools, but they can also be a huge distraction to learning. The Internet, instant messaging, email and games are a constant temptation for students.

LanSchool v7.4 removes these distractions so you can teach more effectively. No classroom management solution is simpler to install, easier to use or better suited for teaching in a computer-based classroom.

LanSchool offers cross-platform support for Macs, PCs and Thin Clients, even the new Apple iPad. Plus, for those with tight budgets, LanSchool aligns with the ARRA stimulus funding by helping the lowest performing students and improving professional development.
