

# *Early Childhood Internet Resources*

\*Compiled June 28, 2006

[www.kiddyhouse.com](http://www.kiddyhouse.com)

Activities and resources in science, phonics, etc. for 5 to 8 year olds.

[www.do2learn.com](http://www.do2learn.com)

Great site for online games and printable activities for pre-k and older; also includes specific activities and tips for students with disabilities.

[www.babybumblebee.com](http://www.babybumblebee.com)

Free printable teaching tools for infants, toddlers and preschoolers that provides great resources for realistic pictures for alphabet, numbers, writing letters, and vocabulary development.

[www.meddybemps.com](http://www.meddybemps.com)

Great resources on children's development for teachers and parents including activities for alphabet practice, puzzles, counting, matching, and spatial concepts.

[www.bright-productions.com/kinderweb](http://www.bright-productions.com/kinderweb)

Free online games for preschoolers, including animals, letters, numbers, colors, and shapes.

[www.starfall.com](http://www.starfall.com)

Many early reader books, writing, interactive online games, and other literacy resources that are free and printable. Inexpensive kits and other resources are available for purchase for parents and/or teachers.
