

Course Follow-up Activities

Use the RELATE Think Sheet

Note: It is recommended that participants in the video course complete follow-up activities to deepen their knowledge and skills. When these activities are completed in accordance with local staff development guidelines, participants may be able to earn additional professional development credit. Contact your local staff development office for determining how you might receive credit for completing the video program and additional credit for completing follow-up activities.

Activity 1 Action Research

Set up an Action Research Project using the RELATE Think Sheet. Outline the key steps below and share the results with your colleagues.

Activity 2 Plan a lesson

Select a single concept from the curriculum you teach. Use the RELATE Think Sheet with students. Outline your lesson plan below. Share it with your colleagues.

Activity 3 Explore and share resources

Using the links listed below, develop a handout describing resources that could benefit your colleagues as they assist students in understanding difficult concepts.
