

## Process for Parent/Guardian Enrollment Verification *Required for Home Education*

This is **required**. In order for a Home Education student to be placed into our classrooms, a parent or guardian must verify the enrollment. This account will also allow you to monitor student progress.

If you **do not yet** have a Parent/Guardian account, please follow the directions below to create the account.

1. **NOTE:** You will need **your student's username and password** to complete your registration.
2. Click on the following link to add your student(s) to your current parent/guardian account  
<https://vsa.flvs.net/Registration/GuardianApplication.aspx?pageID=141&AID=273&fn=Apply-for-Parent-Guardian-Account>
3. An additional window will open and ask, "Do you have a Parent/Guardian username and password already?"
4. Select "NO" and click "Submit."
5. Once you have your guardian username and password, please login and follow the steps above.
6. It is a good idea to write your username and password in a place where you can easily find it.

If you **already have** a Parent/Guardian account, please follow the directions below:

1. Go to Login and go to **County Virtual Schools**. Enter your Username and password.
2. Scroll down and click on the **blue box** at the top, left hand side of the page, above the section that lists all of the requested courses (see red oval in picture below).
3. A pop up will appear asking you if you have registered your student with the school district. If you have done so, click "Accept", if not, please take the time to register your student with the school district.  
A list of district contacts can be found at <https://www.flvs.net/student-resources/homeschool/district-contacts>
