

Process for Parent/Guardian Enrollment Verification Required for Home Education Students

In order for a Home Education student to be placed into classrooms, a parent or guardian **must** verify the enrollment. This account will also allow you to monitor student progress.

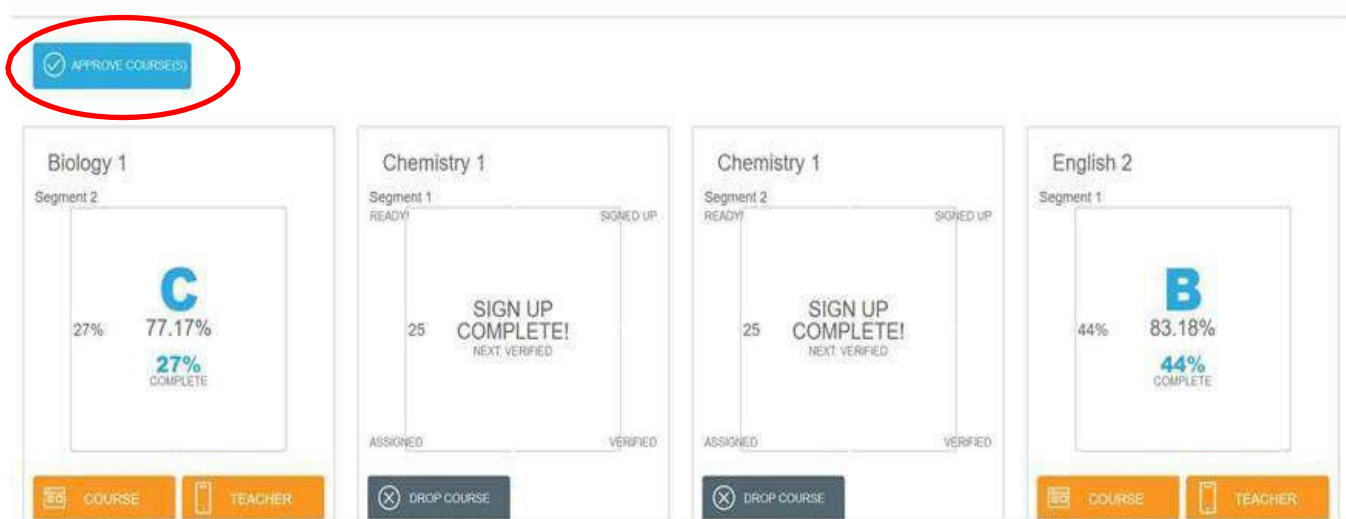

If you **do not yet** have a Parent/Guardian account, please follow the directions below to create the account.

1. **NOTE:** You will need **your student's username and password** to complete your registration.
2. Click on the following link to add your student(s) to your current parent/guardian account [Parent/Guardian Account Creation](#)
3. An additional window will open and ask, "Do you have a Parent/Guardian username and password already?"
4. Select "NO" and click "Submit."
5. Once you have your guardian username and password, please login and follow the steps above.
6. It is a good idea to write your username and password in a place where you can easily find it.

If you **already have** a Parent/Guardian account, please follow the directions below:

1. Go to Login and go to **County Virtual Schools**. Enter your Username and password.
2. Scroll down and click on the **blue box** at the top, left hand side of the page, above the section that lists all of the requested courses (see red oval in picture below).
3. A pop up will appear asking you if you have registered your student with the school district. If you have done so, click "Accept", if not, please take the time to register your student with the school district. A list of district contacts can be found at [FLVS Homeschool Resources](#)

Current Courses

The screenshot shows a user interface for managing current courses. At the top left, there is a blue button with a checkmark icon and the text "APPROVE COURSE(S)", which is circled in red. Below this are four course cards, each representing a different course and segment. Each card displays the course name, segment, and progress information. The Biology 1 card shows Segment 2 with 27% ready and 77.17% signed up, and 27% complete. The Chemistry 1 cards show Segment 1 and Segment 2, both with 25% ready and signed up, and next verified. The English 2 card shows Segment 1 with 44% ready and 83.18% signed up, and 44% complete. Each card has a "COURSE" button and a "TEACHER" button. The Chemistry 1 cards also have a "DROP COURSE" button.
